

## About us:

The Illinois Valley Cycling Association is a group of concerned local cyclists who work to create and improve riding opportunities in the Illinois Valley area. We promote all aspects of cycling, on and off-road.

The re-designation of trails in May 2008 at the Vermilion River area in Matthiessen State Park prompted our forming in April of 2008. We are working at the park to create, enhance and preserve great trails experiences for not just cyclists but hikers and equestrians alike. These are your trails. We hope you will help us take care of them.

IVCA is an affiliate club of the International Mountain Bicycling Association. Both IVCA and IMBA actively promote responsible mountain biking, support volunteer trail work, assist land managers with trail management issues, and improve relations among trail user groups.

Help support the cycling community in our area; contribute, become a member, take part in one of our trail care days or simply **ride**.

IVCA organizes group rides which include Tuesday Cruise Night, Wednesday Road Ride & Intro to Mountain Biking. Please check [www.bikeiv.org](http://www.bikeiv.org) for time and location.
